MUTCHMOR LODGE RESIDENCY REQUIREMENTS

Mutchmor Lodge is a supportive housing environment. Services include meals provided in the dining room, commercial laundry, and personal laundry upon request, housekeeping services, and an activities program. If additional services are required, a private agency may be utilized. When considering Home Care services, the Regina Qu'Appelle Health Region must assess each applicant using criteria set out by the Health Region, prior to any Home Care services, being initiated.

Residents' physical, emotional, and cognitive abilities must be compatible with Mutchmor's available services and physical design in order that their health and safety is not at risk and their behavior will not put others at risk.

To determine eligibility:

- a) A pre-admission functional assessment must be made. The assessment involves filling out a Level of Function Assessment Form by the prospective resident, and/or the individual responsible for him/her along with the Administrator. They will, to the best of their knowledge, certify the assessment is correct.
- b) On the basis of this assessment the Administrator will, in consultation with other members of the selection team, determine eligibility. Mutchmor Lodge is *not* designed to accommodate anyone who is not independent.
- c) The prospective resident will be informed within twenty-four hours of the Administrator's consultation concerning acceptance or rejection of the applicant.
- d) Should the resident's functional capabilities deteriorate; a reassessment will be done to determine their suitability as a resident at Mutchmor. This will be conducted by the Administrator, in consultation with members of the selection team, the resident, and their family, as to the level of care required.
